Cascade River Gear's Rental Program Policies

The signor (hereafter referred to as the "Renter") contractually agrees to the following terms and conditions relating to the rental and usage of Cascade River Gear's ("CRG") rental equipment (the "Equipment")

- Renter understands and agrees that Renter undertakes use of CRG's Equipment at Renter's sole risk. Renter accepts all responsibility for injury to any person or property arising out of Renter's use of the Equipment. CRG does not accept any responsibility for damaged Equipment or injury to any person or property as a result of Renter's use of the Equipment. CRG is not liable nor shall be liable for any claims, demands, injuries, damages, actions or causes whatsoever, to Renter or any person or property arising out of or connected with the use of COU Equipment.
- Renter understands that use of CRG's Equipment for its intended use of outdoor and/or indoor recreation involves various risks including, but not limited to the following: damage to personal property; bodily injury resulting in death by various means; severe trauma; paralysis; broken bones; head injuries; and accidents or illnesses in remote places without access to medical facilities.
- Renter further understands there are increased risks should Renter choose to utilize the Equipment under the following conditions: in combination with the consumption of alcohol; without experience and knowledge of the proper use of the rental equipment for any particular activity; under the guidance of an individual or entity who is inexperienced and/or uneducated regarding the proper use of the rental equipment; or for purposes other than the Equipment's intended use.
- Renter agrees to provide his or her own insurance to cover injury to persons or property arising out of use of the Equipment. Renter understands and acknowledges that any and all use of the Equipment is completely voluntary and is not covered by worker's compensation or other CRG insurance. Renter acknowledges and accepts full financial responsibility for the Equipment until the Equipment has been checked and officially returned by COU staff.
- Renter acknowledges it is Renter's responsibility to check for flaws, defects, and damage prior to accepting the Equipment. At the request of Renter, CRG staff will assemble and/or review Equipment usage and condition at the time of rental pickup.
- Fees will be assessed by CRG staff for any Equipment that is lost, stolen, dirty, damaged and/or deemed unserviceable. Renter should budget at least 30 minutes upon return of Equipment for this process to take place. Renter will pay, a rate equal to the retail replacement price, for any items that are irreparably damaged, lost, and/or stolen during the contractual period. Warranties supplied by equipment manufactures do not exempt Renter from any fees associated with damaging CRG property. All damaged Equipment remains the property of CRG unless Renter pays the replacement cost for any items deemed unserviceable. Ownership of the damaged Equipment transfers to Renter once the fee to replace the Equipment is paid.
- All Equipment can be picked up after 3:00 pm for a next day usage (one day rental). All rentals are due before 5:00 pm on the contracted return date. Equipment returned after 5:00 pm on due date will be charged half the late fee. Any rentals returned the day after the due date will be charged a late fee at a compounding daily rate for the number of days Equipment is past due, using the amount that the equipment would be rented for on the first day. All charges are based on the time that the Equipment is in Renter's possession, whether it is in use or not.
- Cancellations & Refund Process: A 100% refund will be processed for any reservation that is canceled more than 30 days before the first day of the contracted rental period. A 50% refund will be processed for any rental cancellation if notification is made at least 14 days prior to the start of the contracted rental period. No refunds will be issued for reservations canceled less than 14 days prior to the start of the contracted rental period or for early equipment returns.
